10% of the tuition fees will be collected to ensure a seat in the program, excluding any applicable fees.

50% of the tuition must be paid off on the first day of classes. The rest of the balance must be paid before the Final exams. If unpaid, students will not be allowed to take their exams. Students will be notified with a written warning, but after three warnings, the student might face suspension. GD College's next step would be to send any unresolved payment to a collection agency. Once the program is 50% completed, an extra 25% of the tuition fee will be collected.

The remaining balance of the tuition fees will be collected when 60% of the program is collected.

  1. Before 10% of the hours of instructions provided during the contract term have been provided, the institution may retain up to 25% of the tuition due under the student enrollment contract.

  2. After 10% but before 50% of the hours of instructions provided during the contract term have been provided, the institution may retain up to 60% of the tuition due under the student enrolment contract.

If students fail to secure an insurance plan, they are reliable for all medical costs. A visit to a doctor can cost around $150 - $250 or more, depending on the examination. In case of a hospital visit, students might look up to a cost of $2000 per day.

Students are encouraged to verbally discuss their concerns with their program's teacher. If the teacher cannot find a solution, the student can fill out a complaint form provided to the student during orientation or available at the reception desk. Once the complaint form is filed, the main office will ensure that it is notified to the director. The school will try to resolve conflicts/concerns in informal ways. However, a student can reject the resolution and await a formal response. Once a complaint is formal, the school will update both parties on a specified timeframe to resolve it. All complaints will be confidential.

Alternative Dispute Resolution
GD College takes disputes very seriously and adheres to the ADR Guidelines.
The person appointed to the complaint will make sure to comply with these instructions during the investigation -

- Ensure who filed the complaint, what has happened, who was involved, and what has remained unsolved.
- Establish the nature of the complaint.
- Contact the Complainant and keep a record of their complaint.
- Keep in mind the complaint's point of view on a resolution.
- Interview those involved and eyewitnesses if applicable.

**RESOLVING COMPLAINTS**

Each complaint is valid in whole and part. GD College acknowledges the complainant's feelings and offers appropriate resolutions, which can be one or more of the following -

- An Explanation
- An apology by the College and those involved/found guilty.
- An assurance that such an event would never occur again.
- The complainant will be explained all the steps to resolve the case and how GD College will ensure that it never happens.
